by mindo Design Team

# simple transparente graphical

Originates from a genuine curiosity in exploring how new shapes, open and closed surfaces could create a new design expression. Made in 100% aluminum by use of various types of profiles, shapes and surfaces. Durable in nature and with a simple design expression it offers to blend in at any location.

Mindo 113 offers many design details that will thrill the eye again and again. The transparent surfaces are created by beautiful patterns amid graphical frames nicely rounded to create an inviting lounge chair.

No matter the climate, location or space, this lounge chair fits in and simply offers a place to relax.
